Skills

- HTML AND CSS
- Photography
- Canva
- Communication Skills
- UI/UX Design

Language

- English
- Filipino

Profile

Currently, I'm exploring different sides of design at my own pace. I'm passionate about learning and trying new things as I go. Rather than stressing about the future, I'm focused on improving my skills in the front-end part rather than the back-end part but willing to learn the basic and other.

Award and Honors
